## ABOUT US

For almost two decades, Fastcorp has been an industry leader in robotic retail and vending technology, offering a versatile and efficient platform to vend almost anything. When Munroe Chirnomas founded Fastcorp in 1990, his vision was ahead of his time; to vend cigars. The market didn't command a contemporary user experience or the same quick access to consumer goods as today, so we focused much of our efforts on reliability, efficiency and adding value to the market that needed it most. We quickly became the world leader in frozen vending machine sales due to our product storage and delivery platform. Our machines can be found nation-wide and in over 50 different countries.

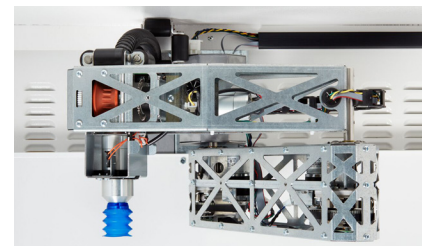

### **Today our vision remains consistent with that of the founder's.**

The retail marketplace is changing by leaps and bounds on a daily basis. Brick and mortar is evolving, as are consumers expectations. Our mission remains the same. To produce the most efficient, reliable machines that retail just about any product you can dream of and the opportunity for consumers to feel the future, not the past, when purchasing robotically.

## OUR UNIQUE TECHNOLOGY

Commonly used in the automotive industry and widely throughout the manufacturing industry, the SCARA (Selective Compliance Articulated Robot Arm) robot excels at "pick and place" operations, as it mimics the movement of a human arm.

With full range of motion on its X-axis, while bolted into place on the Y-axis, our DIVI robot delivers fantastic range of motion, speed and precision to deliver a wide range of shapes, sizes and weights.

## PRODUCT STORAGE

Products are stored in bins proportionate in size to each product. Products are stacked within each bin eliminating space between spirals and allowing greater capacity.

In the case of frozen products, bins are stored in a chest freezer, ensuring your products integrity. This also gives you the most energy efficient frozen vendor on the market today.

Bins can easily be reconfigured as product mix changes.

## LIMITED WARRANTY

### **DIVI MERCHANDISER**

- Five year limited warranty from date of purchase
- Defective Parts
- Workmanship for motors, vacuum motors

### **DIVI MERCHANDISER FREEZER**

- Two year limited warranty from date of purchase
- Defective Parts
- Workmanship for compressor, condenser, evaporator & refrigerant tubing

# DIVI MODELS

## STANDARD FROZEN

- 7 cubic ft. chest freezer.
- Capacity of approximately 150-175 standard bars or approximately 250-300 standard 3oz ice cream cups.
- Standard Frozen Vendor includes a traditional 12 selection product card holder.

## NEW DIVI XL FROZEN

- 9 cubic ft. chest freezer.
- Capacity of 180 – 200 standard bars or approximately 300-350 standard 3oz ice cream cups.
- Standard Frozen Vendor includes a traditional 12 selection product card holder.

## DIVI COOL SPECIFICATIONS

DIVI Model	FC01 & FC02
Usage	Option of 110v or 220V machine
Machine Dimensions	72.5" high (1842mm) 41" wide (1042mm) 37" deep (9140mm)
Net-Weight	544#, 247 kg
Gross-Weight	625#, 284 kg
Net-Volume (Freezer)	200L 3-7 cu/ft depending on freezer
Refrigerant	R600, R134
Cooling	Static
Cooling temperature	-40 through chilled and ambient options
Defrost / Time	Manual
Energy consumption per 24h	2.50 kWh (based on 50 vends per day @ 85°F/29.5 °C)
Nominal current	6.6A@120v / 3.4A@240
Circuit breakers	5A freezer, 10A @110v, 8A@220v for vac & controls
Lighting	LED
Nominal voltage frequency	110 / 220vac, 50 / 60Hz AC power options
Nominal consumption during run	795 Watts (while dispensing - vacuum on)
Nominal consumption	115 Watts (without dispensing)
Noise level	49dB, 64dB(A) vacuum running
CE Certification	Certified to CE Std.
UL Rated	Conforms to UL Std. 541
KC Certified	✓
Performance Immunity	CISPR 14-2, CAT IV

## INTERNATIONAL SALES PLACEMENTS

Argentina	Italy
Australia	Kazakhstan
Brazil	Malaysia
Canada	Mexico
China	Netherlands
Columbia	New Zealand
Costa Rica	Norway
Czech Republic	Panama
Dominican Republic	Poland
El Salvador	Russia
France	South Korea
Germany	Taiwan
Greece	Thailand
Holland	Trinidad & Tobago
